### *Itinerary:*

DATE	LOCATION
6/20/17 (Tuesday)	JR, CV and AH will load up the vehicle with supplies. We will have the WECAB CAFO Van G41-2115N
	The team will leave the Chicago office at 2P.M. in order to arrive for the check in at the hotel around 6pm.  <div style="text-align: center;"><u>Hotel details</u></div>
6/21/17 (Wednesday)	The team of EPA inspectors will meet five WDNR field staff at 8:30 AM at the BP Gas Station/ McDonalds at 100 Market Street Nekoosa, Wisconsin and from there will drive to Central Sands Dairy.
	Production area inspection will be led by CB. AH will keep the photo log and CV will make use of the FLIR camera whenever there is a need for it. If samples are taken, the bacterial samples will be taken to lab info and rest of the samples will be placed in coolers and brought back to the Chicago regional lab the next day.
6/22/17 (Thursday)	The team will check out of their hotel on Wednesday morning.
	EPA team will conduct record keeping inspection on site at the Central Sands Dairy. Team will head home around 12PM.
